

Memorandum to JCA Case Number 169

Subject: FINDING OF CONFORMANCE WITH THE CIWMP FOR THE SHAFTER-
WASCO RECYCLING & SANITARY LANDFILL, KERN COUNTY;
FACILITY NUMBER 15-AA-0057

Public Resources Code Section 50001 requires the location of any new or expanded solid waste disposal facility to be identified in the applicable county's Countywide Siting Element (CSE) for the proposed permit for that facility to be found to be in conformance with the CSE.

It is determined that the proposed permit is conformant with the CSE and the location of the Shafter-Wasco Recycling & Sanitary Landfill is sufficiently identified.
